

THE QUAD PUMP SYSTEM

- Each cylinder has its own pump and reservoir.
- NO SPRING or HINGES to rust and break.
- 10" x 10" foot pad, supporting the vehicle from sinking.
- High pressure, high temperature hydraulic flex line.
- Operates using power extension and retraction.
- Deluxe touch pad or fully automatic controls.
- Transferable-ability to install on your next unit.
- Each has remote mounting capabilities.
- 12-17,000 lb. capacity per leg.
- Five year limited warranty.
